Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-12 are rejected under 35 U.S.C. 102(b) as being anticipated by Borghi- US 5,938,695.

As to claims 1-12, Borghi -'695 (Figs. 1-4, for example) discloses a biocompatible stent including vessel support elements 4 having aperture therethrough to receive support rail elements 5 having curved end sections extending beyond the ends of vessel support elements 4, elongated sections defined between a pair of two curved end sections substantially as recited in the claims.

Please refer to the reproduced sheet 1 of 5 of U.S. Pat. 5,938,695 on next page for indication of the limitations recited in the claims.

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

1. Claims 13 and 14 are rejected under 35 U.S.C. 103(a) as being unpatentable over Borghi- US 5,938,695 in view of Das- 5,554,181.

As to claims 13-14, Borghi- US 5,938,695 (Figs. 1-4, for example) discloses substantially the claimed invention, except for an agent/coating of an agent for delivery to the body of a patient. However, Das- 5554181 (col. 8, lines 16-25) discloses a stent can be coated with a substance such as heparin, fibrin for delivery to a body for a treatment purpose. It would have been obvious to one of ordinary skill in the art to coat Maass-'181 stent as taught by Das- 5554181 for delivery an agent to a body for a treatment purpose.

2. Claims 13-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Borghi- US 5,938,695 in view of Steinke-6,224,626 B1.

As to claims 13-20, Borghi- US 5,938,695 (Figs. 1-4, for example) discloses substantially the claimed invention, except for agents/coatings for delivery to the body of a patient. However, Steinke-6,224,626 (col. 10, lines 8-33) discloses a stent can be coated with various materials/agents/coatings. It would have been obvious to one of ordinary skill in the art

to coat Borghi- US 5,938,695 stent with various coatings/agents/materials as taught by Steinke-6,224,626 for delivery agents to treat a blood vessel.

Response to Arguments

Applicant's arguments with respect to claims 1-20 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
